SUMMARY

Solutions Consultant with a background spanning software development and technical pre-sales for conversational and agentic AI platforms. Currently leading **India-West BFSI pre-sales** and co-owning the **Europe region**, advising stakeholders from CXOs to engineering teams on AI strategy and the highest-value use cases. Brings a builder's mindset to pre-sales, from hands-on POCs to scalable solution architecture.

CORE COMPETENCIES

Pre-Sales Solution Consulting · Discovery & Use Case Scoping · Executive Demos · POCs · RFP / RFI

Agentic & Conversational AI LLMs · AI Agents & Multi-Agent Orchestration · RAG · NLP / NLU · Voice AI & SIP Telephony · Multilingual Bots

Platforms Kore.ai Agent Platform · Gupshup Conversation Cloud · Gupshup CPaaS · Active.ai Morfeus (Omnichannel Orchestrator) · Active.ai Trinity (Conversational AI Engine)

Engineering BFSI Chatbot Development & Delivery Leadership · Java · Spring Boot · Node.js · Microservices · Enterprise API Integration (REST / SOAP)

EXPERIENCE

Sr. Manager, Sales Engineering | [Kore.ai](#)

03/2026 – Present

Mumbai, India

- Lead **India-West BFSI pre-sales** end to end and co-own the **Europe region**, owning the technical selling motion for the Agent Platform (Work, Service, and Process) from qualification through commercial proposals.
- Serve as the trusted technical advisor to CXO, architect, and procurement stakeholders, whiteboarding solution architecture and recommending patterns for scalability and integration with client engineering teams.
- Run use-case discovery workshops and build model-agnostic, LLM-powered POCs, assessing conversational and agentic use cases for feasibility and business value.

Manager, Pre-Sales & Solutions | [Gupshup Technology India Pvt. Ltd.](#)

01/2023 – 03/2026

Mumbai, India

- Co-owned **India-West pre-sales** with a strong BFSI focus, leading discovery and solution design that translated conversational AI into outcomes such as customer acquisition, automation, and compliance.
- Designed and delivered **~100+ LLM-powered POCs a year** alongside custom executive demos, acting as primary technical advisor through pilots and evaluations on functional, security, and integration questions.
- Owned RFP / RFI responses and commercial positioning, and led enablement workshops with Customer Success on cross-sell and up-sell.
- Influenced **product roadmap and GTM alignment** through structured customer and market feedback.

Software Solutions Engineer II | [Gupshup Technology India Pvt. Ltd.](#)

06/2022 – 12/2022

Bengaluru, India

- Acted as **project manager for BFSI chatbot projects**, leading a development team while building hands-on alongside them.
- Owned pre-sales for Gupshup's Active.ai BFSI wing, running discovery, demos, and POCs for banking and financial services prospects.

Software Developer & Pre-Sales Consultant | [Active.ai \(a Gupshup company\)](#)

03/2021 – 06/2022

Bengaluru, India

- Balanced a dual role spanning software development and customer-facing pre-sales for enterprise BFSI clients.

- Led technical presentations and live demos of multi-tier conversational AI solutions during active sales cycles.
- Acted as the primary pre-sales consultant, owning end-to-end demos, POCs, and technical discussions with enterprise stakeholders.
- Built **production-grade chatbots for BFSI clients** on Active.ai's Morfeus and Trinity platforms using Java, Spring Boot, Microservices, JPA, and RESTful APIs.
- Contributed to backend architecture, API design, and integration layers for enterprise AI platforms in regulated BFSI environments.
- Prepared pre-sales collateral, demo flows, and technical artifacts to support enterprise sales and evaluation processes.

Trainee Recruitment Consultant | ID Medical (NHS Agency Staffing, UK)

10/2019 - 02/2020

Pune, India

- Sold and negotiated NHS agency shifts, including rates and terms, to a portfolio of UK nurses while coordinating hospital compliance across stakeholders.

Customer Relations Advisor, Retention | Tech Mahindra (Three UK)

08/2018 - 10/2019

Pune, India

- Drove customer retention for Three (UK telecom) through de-escalation, objection handling, and value-led persuasion, cross-selling and up-selling to the retained base.
